REFIT 2016 - 2018 - Around 180.000,- EUR

The sailing yacht is in very good condition and well maintained. There is no maintenance backlog - it is ready for immediate use for long voyages worldwide.

Between 2016 and 2018, a comprehensive refit was carried out in Germany (Baltic Sea) and the ship was fully equipped for long voyages. Around 180.000,- EUR was invested during this period. All work was carried out exclusively by German specialist companies. All invoices are available.

Until 2018, the yacht was used in the Baltic Sea and stored in a heated hall during the winter. The ship has been in Mallorca since July 2018.

Annual maintenance of the engine, saildrive and underwater hull was carried out regularly.
