The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

OTHER:

The interior layout is innovative, featuring a spacious owner's cabin forward with generous storage and customizable bed positioning.The centrally located galley spans the full beam of the yacht, optimizing space and functionality. The wide saloon, with an off-set companionway to starboard, provides easy access to guest cabins, each equipped with en-suite facilities and full-height showers.

The deck design includes a 3-meter-long tender garage with longitudinal access, ensuring it doesn't encroach on the aft cabins. The cockpit offers a fixed table to port and a deck sofa to starboard, with a central passageway between them. Sail handling is efficient, with a central plinth dedicated to the mainsheet and two side winches. The modern hull features a wide stern with twin rudders and a subtle dreadnought bow. The "T"-shaped keel offers two fixed draft options, plus a lifting keel that doesn't intrude into the interior space.

Options

General

01.01 SOLARIS 64 RS OAK INTERIORS as per the standard specifications

01.02 Upgrade for Burma teak interiors

Construction

02.01 Bow Thruster Mod. MAX POWER VIP250, electro hydraulic with dedicated battery pack 150 Ah-24V
