OTHER:

Invictus Yacht GT320 is the intermediate size between the Invictus GT370 and Invictus GT280, ideal for those who don't like to compromise. From the GT range, it has inherited the key styling, style, design, comfort and performance. The quality of the material and the strong character, the balance of volume and the elegance of the lines bring back the clear perception of beauty in every detail.

Its compact dimensions do not negate the declared intention to match the level of luxury typical of larger boats. Designed for the most demanding owners, who are looking for stylish, comfortable and high performance boats. Accessories and equipment can also be customised with Atelier Invictus proposals.
