OTHER:

Wellcraft 38 Explorer: Built to push limits.

The unrivaled versatility of Wellcraft owns the offshore with innovation and performance

brought to the forefront with the Wellcraft 38 Explorer.

For over six decades, Wellcraft remains the vanguard of offshore boating with a strong history of power and performance. Today, Wellcraft is widening its offer with a new, versatile generation built for all adventures, in all types of weather, providing a new perspective and enthusiasm for boaters worldwide. Outlasting trends, Wellcraft will enable them to conquer new territories, pushing the limits further than ever before. This new generation of performance cruiser will provide a wide range of capabilities and purposeful functions, responding to the toughest demands and meeting every challenge!

"There is a new breed of boaters, not satisfied with the typical boating lifestyle. They

want to see the world from a different perspective. Instead of gazing at the sea from

shore, they shove off and never look back."

The adventure begins.

The Wellcraft 38 Explorer takes the lead in every aspect; outstanding design, comfort, and most importantly, speed and seaworthiness.

Designed to push the limits - out past the horizon where the water is deep and adventure begins - Wellcraft utilizes its rich heritage of offshore experience to push into this new market with American flare and shameless enthusiasm.

Designed to push limits.

Every inch of the Wellcraft 38 Explorer has been designed to the highest standards. Wellcraft teamed up with famed American naval architect, Michael Peters, the most talented yacht designer, Pawel Denert and interior designer Camillo Garroni. This winning team created this outstanding design to offer a fast and sea-worthy American outboard commuter for those looking to push their limits further and faster in every sea conditions. With triple Mercury or Yamaha engines, providing up to 1,050HP the Wellcraft 38 Explorer reaches top speeds over 50 knots (60mph).

Strong luxurious design.

The Wellcraft 38 Explorer allows boaters to combine the thrill of piloting at high speed and the ability to discover unexplored places with a lifestyle of relaxation and luxury. The spacious wheelhouse with fully equipped galley provides comfort for five while cruising along. A sliding side door at the helm grants convenient access to the side passage and front cockpit. Three large sunbathers, with a spacious bench in the bow, create a luxurious place for relaxing. On the either side of the aft cockpit, two large side gates enable easy boarding access.

One of the most extraordinary features of the Wellcraft 38 Explorer is the connection between the wheelhouse and the aft cockpit: simply open the top-hinged window and entrance door and feel the outside getting inside.

Find the real luxury feeling of the Wellcraft 38 Explorer stepping down in the spacious front cabin with a full size bed and ensuite bathroom with separate shower. Overall, you may sleep up to four people onboard!
